Nepean will be looking to get as many businesses on board to benefit our members and in return support the businesses by advertising them through our network. Any members with businesses or know of businesses that would be interested please contact a Committee Member.

The club is now linked to the above businesses facebook pages and has been added to Complete Angler's data base, which is a great tool to advertise the club through the power of social media. We have placed card holders in these local businesses

with our club cards along with the other associated businesses. We believe the club cards on display have increased the number of corporate shoots we have held over the period the cards have been on display. Also more people are now aware of our facilities which are now increasing interest in this fantastic sport.

The club has purchased two new club guns, Miroku MK38 with adjustable combs. The purchases were due to two guns breaking down and are currently being fixed by Mialls. Also, with the increase of new comers and increased volume of corporate shoots, the five club guns will be needed. We are currently in the process of working with Mialls Gun Shop, to get them on board to offer a discount or benefit for our members in the near future.

Our next shoot is Saturday 16th April. 10 Target Eye Opener. 30 DB. 30 SB. 30 Pts
Looking forward to another great shoot. Hope to see you all there.

It's BACK!!!! The first of the Friday Night Shoots starts on 22nd April. Kicks off 5.30pm.

We have an AWESOME 1st Prize in the Raffle (drawn on the final shoot) Ruger American Predator 223, Scoped with Bag. The scope is 4-12x40 multi X. Valued at \$1200

In the last nine months the club has moved forward financially and now we are in a great position with thanks to the support of our members.

See you all at the shoots,
Marcus Horsfall
Treasurer
